Dear Owners,

RE: Feedback on interior painting

At long last, the interior hallways of Churchill Place and Manchester Court are being updated with a new paint job. As you know, owners approved the funding for interior painting at the August 2009 Annual General Meeting.

Council is seeking your opinion on two proposed colour schemes. The two sample schemes have been painted in the foyer of each building. Your response with your preference is requested by 5:00pm Tuesday January 20. Please put this ballot in the strata council mailbox in your building, or email to tracyjames@shaw.ca. If you have any questions, contact Tracy James (council member) at 250-598-9833.

Option 1 (traditional, similar to current design scheme)

Upper wall: light cream colour

Lower wall: mid-tone ivory

Chair rail and base trim: forest green

Elevator and hallway exit doors: forest green (not on the sample in the foyer, to be painted later),

Option 2 (contemporary, contrasting colour scheme)

Upper wall: light cream colour

Lower wall: mid-tone charcoal-grey

Chair rail and base trim: glossy charcoal-grey

Elevator and hallway exit doors: rich deep contrasting colour in cranberry or plum tone (not on the sample in the foyer, to be painted later)

Please note that the stairwells are not being painted this year.

Please circle your preference for colour scheme, as well as any comments you have, below:

(1) OPTION ONE

(2) OPTION TWO
